

High-Performance Rubber & Plastic Components Manufacturing

DS ENTERPRISES

→ Your Trusted Partner for Automotive & EV Solutions

COMPANY OVERVIEW

Established in 2016, DS Enterprises is an ISO 9001:2015 certified, technology-driven manufacturer of high-quality rubber and plastic components. Guided by the philosophy “Quality is not an act, but a habit,” we maintain the highest standards across all operations. Our advanced manufacturing systems, modern machinery, and skilled engineering expertise enable us to meet stringent domestic and international quality requirements.

Our capabilities are strengthened by in-house R&D, precision tooling, controlled material processing, and robust preventive maintenance systems. Continuous investment in automation, lean manufacturing, and digital engineering tools ensures improved productivity, reduced defects, and faster turnaround times.

We serve critical applications across Automotive, EV, Electrical, Engineering, Cement and Appliance industries, positioning DS Enterprises as a trusted long-term partner for customized rubber and plastic solutions.

OUR VISION

Our vision is to grow as a globally respected, technology-driven manufacturer of rubber and plastic products, setting new standards in quality, innovation, and customer satisfaction across industries.

- ▶ Become a globally trusted rubber and plastic manufacturing partner
- ▶ Lead through advanced technology and continuous innovation
- ▶ Deliver zero-defect quality across all products and processes
- ▶ Set benchmarks in reliability, performance, and customer satisfaction

OUR MISSION

Our mission is to deliver precision-driven rubber and plastic solutions while continuously improving our processes to serve modern industrial demands with reliability and trust.

1

Deliver high-quality, reliable, and innovative products

3

Build long-term customer relationships based on trust and performance

2

Continuously improve processes through R&D and lean manufacturing

4

Maintain the highest standards of safety, training, and team development

MANUFACTURING INFRASTRUCTURE

State-of-the-Art Manufacturing Facility

Facility Size: 12,000 sq. ft. dedicated manufacturing plant

Location: Khuskhera, RIICO Industrial Area, Rajasthan

Equipment Highlights

- ▶ 3 Mixing Mills
- ▶ 34 Rubber Molding Machines
- ▶ 3 Kneader Intermixing Machines
- ▶ Preformer, Slitter, Slicer Systems
- ▶ 160-Ton Plastic Injection Molding Machine
- ▶ All processes supported by calibrated weighing equipment

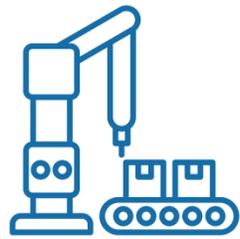

Tool Room Facilities

- ▶ Milling Machines
- ▶ VMC Machines
- ▶ Surface Grinder
- ▶ Surface Grinder
- ▶ Radial Drill Lathe Machine
- ▶ Surface Tables

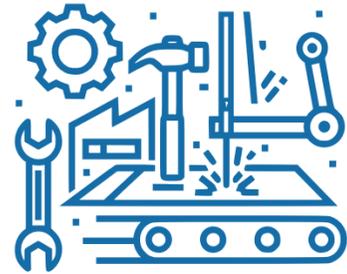

Services

We offers comprehensive manufacturing, tooling, and fabrication services tailored for rubber and plastic components. All capabilities are supported by in-house infrastructure for end-to-end solutions.

Manufacturing

- ▶ Rubber Molding
- ▶ Plastic Injection Molding
- ▶ Production & Assembly
- ▶ Tool Trial of Rubber/
Plastic Parts

Tooling & Engineering

- ▶ 3D Product Design & Reverse Engineering
- ▶ Mold Design (Rubber, Plastic, Blow, PDC, PU)
- ▶ Jig, Fixture & Gauge Manufacturing
- ▶ Mold Flow Simulation
- ▶ 3D Scanning & 3D Printing
- ▶ ANSYS Structural Analysis
- ▶ Manufacturing Cost Calculation

Fabrication

- ▶ Sheet Metal Stamping
- ▶ Welding (ARC, MIG, TIG, Argon)
- ▶ Fabrication & Assembly Solutions
- ▶ Structural and Industrial
Component Manufacturing

Products

We manufacture high-quality rubber and plastic components for diverse industries, leveraging advanced molding and assembly capabilities

Automotive Products

- ▶ Rubber molded components
- ▶ Plastic injection molded parts
- ▶ Tractor sheet assemblies
- ▶ EV and OEM bike components

Electrical & Industrial Products

- ▶ Plastic cell holders
- ▶ Rubber sheets (black)
- ▶ Battery cabinets
- ▶ Customized rubber & plastic parts

Other Applications

- ▶ Toys with safety-compliant materials
- ▶ Engineering and custom-designed components

AUTOMOTIVE

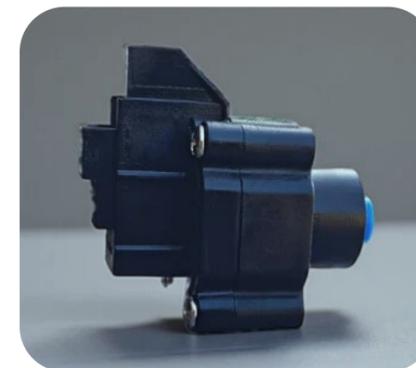

Rubber Oil Seal Ring

Gas Tank Rubber Holder

Thermostat Gasket

Low Pressure LP Switch

ACCELERATOR GRIP SET

FZ 250 Rubber Coupling

Pass Through Reducer Fitting

Tractor Lever Rubber

Oil Filter Gasket

Bike Indicator

Ring Tap

Rere

Metal to Rubber Bonded

INDUSTRIES SERVED

Trusted by Leading Industries

Automotive OEMs

Rubber molded components

Electric Vehicle (EV) Manufacturers

Next-gen technology ready

Electrical Equipment Makers

Industrial-grade reliability

Engineering Companies

Custom solutions for complex applications

Cement Industry

Heavy-duty component requirements

Home Appliance Manufacturers

High-volume precision production

CLIENTS

DS Enterprises proudly serves leading OEMs in automotive, EV, and industrial sectors

Pan-India Network – Supplying critical rubber & plastic components with 100 PPM quality standard. ISO 9001:2015 certified for reliable OEM partnerships.

CERTIFICATIONS & STANDARDS

Quality Systems & Practices:

- ✓ ISO 9001:2015 Quality Management System
- ✓ Strict Incoming Inspection (100% material verification)
- ✓ In-Process Quality Control
- ✓ Final Inspection & Performance Testing
- ✓ Controlled Rubber Mixing (closed systems to prevent contamination)
- ✓ Calibrated Measuring & Weighing Instruments
- ✓ Total Productive Maintenance (TPM)
- ✓ Lean Manufacturing & Waste Reduction
- ✓ 5S & Kaizen Implementation
- ✓ Zero-Defect Quality at 100 PPM or Better

WHY CHOOSE US

Your Strategic Manufacturing Partner

-  **Advanced Technology**
Modern machinery + digital engineering tools
-  **Quality Excellence**
ISO certified, 100 PPM target, in-house R&D
-  **End-to-End Solutions**
Manufacturing to engineering to fabrication
-  **Experienced Team**
Skilled professionals with deep industry expertise
-  **Fast Turnaround**
Process automation + lean practices reduce lead time
-  **Customer-Centric**
Long-term partnerships based on performance & trust

THANK YOU

We appreciate your interest and look forward to connecting with you.
